

BACtrack C6 Smartphone Gen2

New Zealand
Breathalysers

- ✓ Advanced BluFire® Fuel Cell Sensor
- ✓ Lowest cost fuel cell
- ✓ Optional Bluetooth connectivity

Ideal Application: Economical fuel cell

The most affordable fuel cell breathalyzer model on the market with the added advantage of “Dual-Mode” operation. Choose between “Standalone”, wherein results are delivered directly to the screen, or “App Mode”, in which the C6 Gen2 seamlessly pairs with your smartphone via Bluetooth.

CORE FEATURES

Advanced BluFire® Fuel Cell Sensor Technology:

The same professional-grade technology trusted by hospitals and other medical facilities, offering high level of accuracy and consistency.

Effective Breath Capture:

Locks out ambient air, fumes, and other airborne gases from the breath test sample.

Ultra-Portable Design:

The smallest fuel cell breath tester ever created! The C6 Gen2 is a keychain breathalyzer.

Optional Bluetooth Connectivity:

Choose to wirelessly connect to your smartphone via Bluetooth or simply show the results on the C6 Gen2's easy to read LCD screen.

BACtrack Companion App:

The free BACtrack app saves and tracks BAC results over time and can even help you call an Uber™ if you've had too much.

ZeroLine® Technology:

Estimates when your BAC will return to 0.00%, empowering you to make smarter decisions while drinking. You can choose to view it on the device or the app.

Warranty:

Full 1-year manufacturer's warranty (upheld in New Zealand not the US)
