Ideal Application: Affordable Rapid Saliva Drug Testing

The **Oral Click 6** Saliva Drug Test offers rapid saliva drug screening for workplaces requiring reliable on-site testing. Featuring a simple lid click design for easy sample handling, the Click 6 is an affordable high-quality screening option for your workplace.

CORE FEATURES

6 Drug Detection Panel:

Detects amphetamines, methamphetamines, cocaine, opiates, oxycodone, and cannabis (THC).

Simple Lid Click Design:

Features an easy-to-use "click and seal" mechanism for smooth saliva collection and secure testing.

Built-In Saturation Indicator:

Turns red when enough saliva is collected to activate the strips, reducing user error.

Anti-Bubble Viewing Window:

Check for air bubbles that could stop saliva from activating the strips.

Cost-Effective Workplace Testing:

Helps businesses save money through convenient in-house workplace testing.

Rapid Detection of Recent Drug Use:

Saliva testing is designed to help identify recent drug use and potential impairment at the time of testing.
