Ideal Application: Traditional Australian Drug Testing

The **SureStep™ 6-in-1 EZ Split Urine Drug Test Kit** offers a traditional Australian workplace drug testing solution. Designed with 6 integrated adulterant test strips, it delivers a secure, user-friendly, and hygienic testing process for efficient workplace screening.

CORE FEATURES

Hinged Lid Collection System:

Secure hinged lid design allows easy opening and closing while helping prevent leaks during collection and handling.

Traditional Australian Testing Format:

Clear result windows and simple test procedures support quick interpretation and reduced training requirements.

Workplace-Compliant Design:

Suitable for workplace programs, pre-employment screening, random testing, and safety-sensitive industries requiring on-site urine drug screening.

Built-In Adulterant Checks:

Includes integrated checks for temperature, pH, specific gravity, creatinine, oxidants/PCC, glutaraldehyde, and nitrite to help support sample integrity.

Consistent Detection Performance:

Urine-based testing supports a longer detection period compared to saliva testing, making it suitable for workplace, random, and pre-employment screening.
