6 x Different Drug Groups

6 x Adulterant Test Strips

Ideal Application: Budget Conscious Urine Drug Testing

The **ToxTilt** Urine Drug Test Cup offers a budget-conscious solution for convenient on-site urine drug testing. Designed for ease of use, it features simple instructions, a clear result window, and six integrated adulterant test strips to help identify possible sample tampering and support reliable screening results.

CORE FEATURES

Tilt-Activated Collection Design:

Enables quick and efficient test activation with a simple tilt mechanism

Integrated Temperature Validation:

The ToxTilt Urine Drug Test Cup has an inbuilt temperature strip that lets you monitor the temperature of the urine sample so you can ensure that the sample hasn't been tampered with.

Spill-Reducing Construction:

Secure cup construction helps minimise spills and improve handling during testing procedures.

Adulterant Integrity Screening:

The kit also includes six adulterant test strips that can detect adulterants such as pH, nitrite, oxidants, specific gravity, creatinine, and glutaraldehyde.

Streamlined Workplace Testing:

Includes urine collection cup, integrated test strips, adulterant checks, and adulterant colour chart for streamlined testing.
